SUMMARY

BS Computer Science student at Ziauddin University, Karachi, with hands-on experience across multiple internships in Artificial Intelligence, Cyber Security, Frontend Development, Full Stack Development, App Development, and Web Development. Skilled in building functional, real-world web and application projects using diverse technologies. Eager to contribute technical skills, adaptability, and a strong learning attitude to challenging development roles.

EXPERIENCE

App Development Intern | InternGrow

- Developed multiple full-stack and front-end applications, including a gamified language-learning app, a quiz app with analytics, an AI-powered quote generator, and a fitness tracker.
- Implemented interactive UI features, gamification elements, and data visualization components.
- Collaborated on backend integration using Node.js and Express.js for dynamic app functionality.

Web Development Intern | Fentixtech

- Built a functional e-commerce website with product listings, shopping cart, and order processing features.
- Developed a mini social media platform with user profiles, posts, comments, and a follow system.
- Worked with frontend and backend technologies to design responsive, database-driven web applications.

Multi-Domain Intern | Code Alpha

- Artificial Intelligence — Worked on AI-based tasks and concepts, gaining exposure to practical AI applications.
- Cyber Security — Learned fundamentals of network security, threat awareness, and safe coding practices.
- Frontend Development — Built responsive user interfaces using HTML, CSS, and JavaScript.
- Full Stack Development — Gained experience integrating frontend interfaces with backend logic and databases (MongoDB, Express.js, Node.js).

PROJECTS

Simple E-commerce Store

Built a functional e-commerce website featuring product listings, a shopping cart, product detail pages, and order processing. Implemented user registration/login and a database to store products, users, and orders.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

Social Media Platform

Developed a mini social media application with user profiles, posts, comments, and a like/follow system. Designed database structure to manage users, posts, comments, and followers.

Tech Stack: HTML, CSS, JavaScript, Express.js, MySQL

Smart Flashcard Quiz App with Analytics

Created a personalized flashcard quiz app allowing users to add, edit, and categorize cards by topic. Added a performance dashboard displaying weekly quiz scores and a daily study streak tracker.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, SQLite

AI-Powered Quote & Wallpaper Generator

Built an application that pulls random inspirational quotes through a public API. Enabled users to change background imagery based on quote mood and save it as a wallpaper.

Tech Stack: HTML, CSS, JavaScript, REST APIs

Advanced Fitness & Hydration Tracker

Developed an app to track daily fitness activities such as workouts, steps, and calories burned. Implemented an interactive water intake visualizer with reminder notifications for hydration.

Tech Stack: HTML, CSS, JavaScript, SQLite

Gamified Language Learning App (LinguaQuest)

Built an app to teach vocabulary, daily phrases, and core grammar through interactive categories. Implemented a timed vocabulary-matching game with points, achievements, and level progression.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js

EDUCATION

BS Computer Science

Ziauddin University, Karachi | 2025 – 2028

Intermediate

Shaheed Flying Officer Mariyum Mukhtar College

Matriculation

Sahar Schooling System

SKILLS

Frontend: HTML, CSS, JavaScript, Bootstrap

Backend: Node.js, Express.js, PHP, Python (Basics), Django (Basics)

Database: MongoDB, MySQL, SQLite

Languages: Java, C++, Python

Tools & Concepts: Git/GitHub, REST APIs, OOP, Data Structures & Algorithms

CERTIFICATES

Internship Completion Certificate – Code Alpha (Artificial Intelligence, Cyber Security, Frontend Development, Full Stack Development)

Internship Completion Certificate – InternGrow (App Development)

Internship Completion Certificate – Fentixtech (Web Development)

Computer Office Automation Certificate — Score: 95%

Google Ads Certification — Google Skillshop — Score: 92.5%

AI Agent Framework Certificate — SimpliLearn SkillUp

Introduction to Artificial Intelligence — SimpliLearn SkillUp

Full Stack Developer Certificate — SimpliLearn SkillUp

LANGUAGES

English, Urdu
